JHON VARON YATE

FULL-STACK DEVELOPER

PROFILE

Full Stack Developer with 3 years of experience, specialized in MERN technologies (MongoDB, Express.js, React, Node.js) and with a solid command of Angular and Java Spring Boot. Notable proficiency in advanced React with Redux and React-Query for efficient state management, as well as in Angular for creating dynamic and responsive web applications. Expertise in MySQL and MongoDB databases, as well as in developing and consuming robust APIs using Spring Boot. Comprehensive approach encompassing everything from architecture to user experience, UI/UX, and basic cybersecurity knowledge. Committed to delivering innovative and scalable solutions that blend technical functionality with an exceptional user experience.
